

NEW FROM ANTE

Meet the ANTE bot.

Your new internal sidekick for Slack, Linear, knowledge, email, and the little tasks that love to multiply when nobody is looking.

Try the bot

ANTE bot online

Always on. Always branded.
Surprisingly helpful.

It handles the grind

Searches, summaries, messages, drafts, and follow-ups without the ritual sacrifice of opening 14 tabs.

Fast answers

Pulls context quickly so the team can move from question to action.

Smart memory

Keeps useful context close at hand, so repeated work stays nicely repeatable.

Drafts with flair

Turns rough ideas into polished internal messages, previews, and updates.

Fits your stack

Works where the team already lives, from Slack to Linear and beyond.

Ready to give the team a superpower?

Bring ANTE bot into the workflow and let the boring stuff disappear into the background.
